For Release: BD Energy Systems, S.R.L. Achieves ISO9001:2015 Certification

BD Energy Systems, S.R.L. is proud to announce that it has achieved ISO 9001:2015 certification.

The ISO 9001:2015 certificate has been awarded for the design, construction and implementation of engineering solutions and services and technical support services, including the selection of vendors and supplied goods.

Our ISO9001:2015 certification process included independent assessment by IQNet : The International Certification Network with guidance and assistance from CISQ/CERTIQUALITY S.r.l. Preparing for certification required examining and documenting all of our processes and making sure through internal audits that processes are predictable and consistent.

The rigorous evaluation process included quality management system development, a management system documentation review, pre-audit, initial assessment, and clearance of non-conformances. Together, these activities have ensured BD Energy

Systems is operating in conformity to the quality management standard.

As an ISO 9001:2015 certified company, BD Energy Systems, S.R.L. will follow the requirements and characteristics set forth by this certification and continue to ensure that we consistently offer processes and services that meet world-class standards. Additionally, the ISO certification will enable BD Energy Systems, S.R.L. to benefit from the structure and organization established by the ISO 9001:2015 Standard certification, thus providing a more efficient and secure product to our end users.

As part of our Quality Management System, BD Energy System, S.R.L. will continually review our Quality Management System and Quality Policy to ensure that we maintain compliance to ISO 9001:2015, strive to provide high-quality and consistent service, and continue to meet and exceed the requirements of our clients.

Sincerely,
Andy Castell
