

ISO 9001

BUREAU VERITAS  
Certification

## For Release: BD Energy Systems, LLC. Achieves ISO 9001:2015 Certification

BD Energy Systems, LLC. is proud to announce that it has achieved ISO 9001:2015 certification.

The ISO 9001:2015 certificate has been awarded for Engineering, Design, Procurement, Inspection, Construction Management, and Management of Supplier and Subcontract activity for the petrochemical industry. Our ISO 9001:2015 certification process included independent assessment by Bureau Veritas and our team's guidance and assistance by our QA/QC Manager, Susan Moore, leading in the preparation for certification which required examining and documenting all of our processes, building the structure of our Quality Management System, structuring and leading in Management Review, and making sure through internal audits that processes are predictable and consistent.

The rigorous evaluation process included initial and final assessments by Bureau Veritas with no non-conformances identified. Together, these activities have ensured BD Energy Systems, LLC is operating

in conformity to the quality management standard.

As an ISO 9001:2015 certified company, BD Energy Systems, LLC will follow the requirements and characteristics set forth by this certification and continue to ensure that we consistently offer processes and services that meet world-class standards. Additionally, the certification will enable BD Energy Systems, LLC to benefit from the structure and organization established by the ISO 9001:2015 Standard, thus providing a more efficient and secure product to our end users.

As part of our Quality Management System, BD Energy Systems, LLC will continually review our Quality Management System and Quality Policy to ensure that we maintain compliance to ISO 9001:2015, strive to provide high-quality and consistent service, and continue to meet and exceed the requirements of our clients.

Sincerely,

Andy Castell  
President
